Prohibited Items for Consular Section Visitors

All visitors and their personal items will be screened by our security staff prior to admittance to the Consular Section. Visitors are reminded to bring only those items required for their business with the Consular Section and should make separate arrangements to safely store any belongings prior to their arrival. Personal item storage is subject to availability on a limited case-by-case basis for only small handheld items such as cell phones, small purses or bags. Neither the Embassy nor the security staff assumes liability for any lost, stolen or damaged items.

Prohibited items are not allowed anywhere inside the Embassy compound. Failure to comply with this requirement will result in a refusal of entry to or immediate removal from the Embassy grounds.

Prohibited items include, but are not limited to the following:

Weapons:

- **Firearms, explosives & flammable materials (to include matches and lighters), knives of any kind/length, brass knuckles, batons, self-defense sprays, stun guns/shocking devices, box cutters, scissors, tools of any kind, etc.**

Electronic Devices:

- **Cell Phones, Cameras and Camera Phones, Video/DVD recorders, Walk-mans, CD players, MP3 players, Palm Pilots, Blackberries, I-Pods, pagers, calculators, thumb/flash drives, CD/DVD disks and all other types of electronic equipment and/or electronic media, etc.**

Liquids, Sprays, and Gels:

- **Any type of liquid, spray or gel, such as perfumes, sun tan lotion, bug spray, sanitary hand cleaner, hand cream, aerosols, water, soft drinks, etc.**

Note: Parents visiting with infants will be allowed to bring one (1) small size bag with a limited number of essential infant care items, such as diapers, blankets, etc, and only one (1) bottle with milk/formula not to exceed eight (8) fluid ounces in size per infant. Visitors and these types of personal items will be screened prior to their admittance into the Consular Section.
